

2011 Total Herd Enrollment (THE) Instructions For Online Simmental.com

Step 1 – Disposing/Culling Females

- Go into My Herd, My Inventory
- Change the Display Year to **2011** & click the “Change” button
- This will display a *My Pre-Posting Inventory* listing with the word “Dispose” beside each active female in your herd
- This allows you to cull/dispose any females that you do not want enrolled for the 2011 assessment year

Step 2 – Enrolling the Active Females in your herd

- Ensure that you go through each page of females before clicking the POST button **at the bottom of the last page**. Note: only click it once. You will notice the page numbers are shown at the bottom of the screen.
- This process will enroll the remaining active females on the *My Pre-Posting Inventory* list.

Step 3 – Entering Breeding

- You can now enter your 2010 breeding dates under each enrolled female as you will now see the word “Update” displayed to the right of each female on the *My Posted Inventory – 2011* listing.
